Dear Sirs,

Recommended cash offer for RockRose Energy PLC by Viaro Energy Ltd.

We refer to the letters to be sent to option holders in the RockRose 2015 Share Option Plan in accordance with the City Code on Takeovers and Mergers on 23rd July 2020 (the "Letters"), a copy of one of which is attached hereto.

We hereby confirm that we have given and not withdrawn our consent to the publication of the Letters in the form attached with the inclusion of references to our name in the form and context in which each such reference appears.

Yours faithfully,

This document is important and requires your immediate attention. If you are in any doubt as to what action you should take, you are recommended to seek your own personal financial advice immediately from a qualified financial adviser authorised under the Financial Services and Markets Act 2000, if you are resident in the United Kingdom, or, if not, from another appropriately authorised independent financial adviser.

This letter should be read in conjunction with the circular to RockRose Shareholders dated 23 July 2020 (the "Scheme Document") which can be found on the main RockRose website at www.rockroseenergy.com. The definitions used in the Scheme Document apply in this letter except where the context otherwise requires.

Not for release, publication or distribution, in whole or in part, directly or indirectly, in, into or from any jurisdiction where to do so would constitute a violation of the relevant laws or regulations of such jurisdiction.

A-00001

Mr Andrew Austin

23 July 2020

To: All participants in the RockRose 2015 Share Option Plan (the "Plan")

Dear Mr Austin

RECOMMENDED CASH OFFER FOR ROCKROSE ENERGY PLC ("ROCKROSE") BY VIARO ENERGY LIMITED ("VIARO ENERGY")

Summary

As you may be aware, the boards of Viaro Energy and RockRose have recently reached agreement on the terms of a recommended cash acquisition by which the entire issued and to be issued ordinary share capital of RockRose will be acquired by Viaro Energy (the "Acquisition").

Under the terms of the Acquisition, holders of ordinary shares in the capital of RockRose ("RockRose Shares") will be entitled to receive 1,850 pence in cash for each RockRose Share held (the "Consideration").

A special court procedure is being used for the Acquisition known as a 'Scheme of Arrangement' under Part 26 of the Companies Act 2006 (the "Scheme"). A copy of the Scheme Document is enclosed or is being sent to you separately. More details about this can be found on the main RockRose website at www.rockroseenergy.com (where you can also obtain a copy of the Scheme Document). The Effective Date of the takeover of RockRose is expected to be on or around 26 August 2020.

The Scheme remains subject to shareholder approval, the Court approving the Scheme ("Court Sanction") and certain other conditions. If the Scheme does not become effective, the option(s) granted to you under the Plan to acquire RockRose Shares (the "Options") will continue in the same manner as they would have done absent the Scheme.

How the Acquisition will affect your Options

The purpose of this letter is to explain the implications of the Acquisition for the Options. In short, the Board has exercised its power under the Plan rules to accelerate the vesting of the Options such that, to the extent they are not already exercisable, Options will become exercisable with effect from Court Sanction and will remain so for six weeks after the Effective Date, which is expected to be on or about 26 August 2020.

Options have been granted at various exercise prices per RockRose Share, some of which are above the Consideration and some are below the Consideration.

Options with an exercise price per RockRose Share of £18.50 and above ("Underwater Options")

Unfortunately, the Consideration per RockRose Share is less than the exercise price per RockRose Share of your Underwater Options. If you were to exercise your Underwater Options and the resulting RockRose Shares were either transferred under the Scheme to, or otherwise acquired by, Viaro Energy, the amount you would receive for those RockRose Shares would be less than the amount you would have to pay to exercise your Underwater Options.

We will assume that, unless you let us know otherwise, you do not want to exercise any Underwater Options. If you do want to exercise such Options, despite the fact that the Consideration is less than the exercise price, you should contact Richard Slape, Chief Financial Officer of RockRose, whose details are set out below. If you decide not to exercise your Underwater Options and the Scheme becomes effective, such Options will lapse six weeks after the Effective Date in accordance with the terms of the Plan.

Options with an exercise price per RockRose Share below £18.50

Viaro Energy is required by the Code to make an "appropriate" proposal to holders of Options to safeguard their interests in the context of the Acquisition. Viaro Energy's proposal gives you the opportunity to exercise your Options (other than the Underwater Options) subject to, and with effect from the time of, the Court Sanction and sell the RockRose Shares you acquire to Viaro Energy under the terms of the Scheme (the "Proposal"). **To accept the Proposal, the accompanying exercise form must be completed and returned (by post or by email) in accordance with the instructions on that form as soon as possible and, in any event, so as to be received by Richard Slape, Chief Financial Officer of RockRose, whose details are set out below, by no later than 5.00 p.m. (UK time) on Thursday 20 August 2020 (the "Deadline")** (enclosing a cheque if required, as described below). In the event that you accept the Proposal (as set out in this letter), you do not need to take any further action to transfer your RockRose Shares to Viaro Energy as these will transfer automatically under the terms of the Scheme. You should read this letter and the attached Appendix on tax before making your decision. If you are not sure of your tax position or if you are not a UK taxpayer you should take your own tax advice.

How to pay the exercise price of your Options

If you choose to accept the Proposal, a cashless exercise facility is being offered under which you can agree to allow the exercise price of your Options to be deducted from the Consideration (as defined above) you would otherwise have received (the "Cashless Exercise Facility"). The enclosed exercise form provides for Options to be exercised using the Cashless Exercise Facility. If you would prefer not to use the Cashless Exercise Facility, please contact Richard Slape, Chief Financial Officer or RockRose, whose details are below. If you do not use the Cashless Exercise Facility, you will need to pay in full the exercise price for your Options by cheque (and you should enclose such cheque with your exercise form).

What if I do not accept the proposal?

If you do not return the exercise form by the Deadline, then:

- a. the Proposal will lapse;
- b. you may still exercise your Options at any point until six weeks following the Effective Date (the "Long Stop Date") however such exercise will not be under the terms of the Proposal and therefore the Cashless Exercise Facility will not be available, so you will need to pay RockRose the exercise price by cheque, and
- c. IF YOU TAKE NO ACTION AND HAVE NOT EXERCISED YOUR OPTIONS BY THE LONG STOP DATE, IT/THEY WILL LAPSE UNDER THE RULES OF THE PLAN AND CEASE TO BE OF ANY VALUE.

If you exercise your Options in the six weeks following the Effective Date, the RockRose Shares you receive will in any event be acquired by Viaro Energy for the Consideration pursuant to compulsory purchase provisions to be included in the Amended RockRose Articles.

Acquisition of RockRose Shares

If you accept the Proposal and the Scheme is sanctioned by the Court, the RockRose Shares to which you will become entitled upon exercise of your Options will be acquired by Viaro Energy upon the Effective Date. You will receive the Consideration for such RockRose Shares (after deduction of any income tax and employee national insurance contributions) through payroll as soon as practicable, and in any event within 14 days of the Effective Date.

What happens if I leave or have left employment with RockRose?

If you have left or leave employment you will usually be unable to exercise your Options (depending on the terms of your Options) unless you leave in special circumstances such as injury, ill health, disability or redundancy.

If you have left or propose to leave employment before the Acquisition is completed (i.e. before the Effective Date (which is expected to be on or around 26 August 2020)), you should contact Richard Slape, Chief Financial Officer of RockRose, whose details are set out below, as soon as possible.

Further Information

The likely tax consequences for UK taxpayers of the exercise of Options are summarised in the Appendix to this letter. The precise tax consequences applicable to you will depend on your own particular circumstances.

If the Scheme is not sanctioned by the Court, your Options will continue as they would have done absent the Scheme and you will be able (subject to and in accordance with the rules of the Plan) to acquire RockRose Shares in due course.

If your Options are already exercisable for a reason unconnected with the Scheme, the opportunity to accept the Proposal may still be available to you provided your Options have not lapsed by the Effective Date. The Scheme will not extend the window of exercise of your Options.

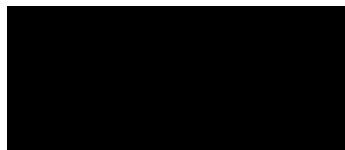

If you have any queries about this letter, your Options or the Scheme then please contact Richard Slape, Chief Financial Officer of RockRose. Richard can be contacted by email at [REDACTED] or by telephone on [REDACTED].

Please note that none of RockRose, Viaro Energy nor any of their respective officers or employees can give any advice as to the action which you should take. If you are in any doubt as to what action you should take, you are recommended to seek your own personal financial advice immediately from a qualified financial adviser authorised under the Financial Services and Markets Act 2000, if you are resident in the United Kingdom, or, if not, from another appropriately authorised independent financial adviser.

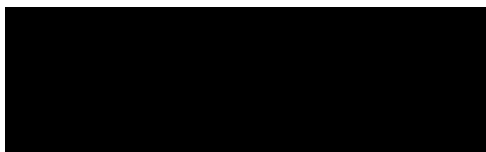

General

This letter and the enclosed exercise form relate only to your Options. If applicable, you will receive a separate letter in respect of any RockRose Shares held on your behalf by the trustee of the RockRose Share Incentive Plan.

Yours sincerely

Andrew Austin

RockRose Energy plc

APPENDIX

Tax Summary

The following is a summary for optionholders who are and have been resident in the UK and nowhere else since the grant of the Options of certain aspects of the taxation implications of the exercise of Options. It is intended as a guide only. The precise taxation consequences for you will depend on your own particular circumstances. Neither RockRose nor Viaro Energy (nor any of their respective officers or employees) can provide you with specific tax advice. If you are in any doubt as to your tax position, if you are subject to taxation in another jurisdiction or not an individual resident in the UK only, you are advised to seek professional advice.

Income Tax and National Insurance

Income tax will be payable at your marginal rate together with (depending on your age) employee's national insurance when you exercise your Options. The income tax liability and national insurance which arise on the exercise of your Options will be calculated based on the market value of your RockRose Shares on the date of exercise (likely to be the Consideration you receive under the Acquisition (after the deduction of the exercise price where you have chosen to use the Cashless Exercise Facility, and less the exercise price if you have not and instead paid the exercise price by cheque)). For example, if you have an Option under which you are able to acquire 2,000 RockRose Shares for an exercise price of £5 per RockRose Share and the market value of a RockRose Share when your Option is exercised is £18.50 per RockRose Share, income tax and employee national insurance contributions ("**NIC**") would be payable on an amount equal to £27,000 (calculated as follows: $2,000 \times £13.50$ (being £18.50 less the exercise price of £5)).

Any income tax or employee's NIC liability which arises on the exercise of Options will be collected via PAYE and deducted from the Consideration payable to you unless you enclose a cheque for such tax and NIC with your exercise form.

Capital Gains Tax

As you will be subject to income tax in respect of the exercise of Options, the base cost of the RockRose Shares you acquire on the exercise of your Options will in broad terms equal the market value of those RockRose Shares at the date of exercise (likely to be £18.50 per RockRose Share). As these RockRose Shares will be disposed of pursuant to the Scheme very shortly after exercise no capital gains tax liability is therefore expected to arise on their disposal.
